LIVING

Living è un progetto ceramico che riscrive i codici estetici dell'abitare attraverso una superficie ad effetto cemento, compatta ed elegante, perfetta per un progetto architettonico contemporaneo all'avanguardia. Il mood industriale lascia il passo ad una soluzione sofisticata all'insegna dello stile e del design. La collezione propone infatti sia colori neutri e formali, che tonalità più audaci come il Salvia, lo Zaffiro e il Terracotta, una unicità che sottolinea la continua innovazione stilistica e tecnica alla base della filosofia UnicomStarker.

"Living" collection is a ceramic project that redefines the aesthetic codes of living spaces through a cement-effect surface. This collection, characterized by its compact and elegant design, is tailored to meet the needs of an avant-garde contemporary architectural project. Moving away from an industrial mood, "Living" collection offers a refined and sophisticated solution that seamlessly combines style and design. The collection showcases a wide range of colours with a selection of neutral and formal hues, in addition to bolder shades like Sage, Sapphire and Terracotta, adding a uniqueness that underlines the continuous pursuit of stylistic and technical innovation at the heart of the UnicomStarker's philosophy.

FUGHE - JOINT - JOINT - FUGE

Per materiale rettificato prevedere una fuga di almeno 2 mm sul monoformato e necessariamente 3 mm sul multiformato.

For rectified material, we recommend a 2 mm grout at least when using one size only and a 3 mm grout for multisizes laying solution.

Pour le matériel rectifié prévoir un minimum de 2mm de joint et 3mm pour la pose multiformat.

Fuer rettifiziertes material-monoverlegung wollen sie bitte eine fugen von 2 mm vorsehen - fuer modulverlegung eine fugen von 3 mm.
